

Mobile Home Setup Application

Building codes and permits protect the health and safety of the public. When a mobile home is setup and/or placed, the State of Iowa requires that the utilities connected to mobile homes be inspected for health and safety of its occupants.

Mobile homes must be setup or installed by an installer licensed in the State of Iowa. Criminal or civil sanctions may be imposed on retailers or installers that fail to become certified or who do not purchase installation seals from the State Office. Questions regarding the certification process should be directed to the State of Iowa's Department Public Safety, Fire Marshall Division at <http://www.dps.state.ia.us/fm/building/> or by calling (515) 725-6145.

Submit this completed application, with the \$77.00 Mobile Home Setup Application Fee to the Building Division, Public Works Center, 1200 E 46th Street, Davenport, IA 52807 by mail or in-person.

Questions call 563.326.7745.

To be Completed by Park Manager
